Third email – Tease 3:

Timing in life is everything.

You are receiving this email because it is the right time for you.

A lot of people think right now is a bad time to get into a new business.
I disagree.

The day the insurance giant AIG was going to declare bankruptcy, Warren Buffet bought \$5 billion of their stock. It was a steal. AIG's price was low and Buffet had cash.

You see, we are interested in making profits. It doesn't matter how much you sell, it matters how much profit you make. And when you buy low, sell high and use someone else's money, there is profit to be had.

You received emails from us over the past xx days alluding to the profits Warren Buffet makes, and your chance to learn the techniques of building a six-figure passive income business.

If you are looking to:

- Grow a six figure passive income stream.
- Use other peoples' money to get there.
- Work on your own terms.
- Choose any type of business you want.
- Answer to nobody!

If you are indeed looking to accomplish what I listed above, then you have to open my next email which will arrive in a few days. Since you are on our mailing list, you will have an extraordinary opportunity to learn how to create a massive cash flow business before it is released to the general public.

Be on the lookout,

To your success,

Fifth email – Pre-Release 2:

Greetings.

Let me get right to the point. We do not have much time left until this closes, the price goes up and the general public is invited in. If you are really serious about building a six figure, passive income business, please read this story.

Even in the roughest times John had been a successful real estate investor. The problem was that John was a “hands-on” investor. He was always dealing with property managers, contracts - even tenants. He loved making deals but was tired of the business sucking up so much of his time and his *own money*.

John knew the way to really enjoy himself was to set up his business as a “passive income” business. He wanted to make money while he slept. And he wanted to sleep better by knowing he was using *someone else’s* cash to do the deals.

John knew what he wanted, he just didn’t know how to get there. It’s the same dilemma we all face when we try something new. But John didn’t get to be successful letting a lack of knowledge stop him when he wanted to accomplish something – and neither should you.

John turned to his trusted business teacher, AJ Puedan. AJ, a successful business guru and teacher, put John through his new, powerful Massive Cash Flow program. Even for an experienced investor like John, AJ’s program took John’s business to another level - the level John wanted: **Using other people’s cash to make a passive six figure income.** Please read this again because it’s at the heart of this successful program - **Using other people’s cash to make a passive six figure income.**

AJ Puedan has been featured on TV, in magazines, appointed chairman of masterminds, and is an accomplished author. AJ loves to take his knowledge, educate his students and watch them grow rich. And now you have an opportunity to become one of those students.

Starting <date>, AJ Puedan’s **NEW** home study course, **Creating a Massive Passive Cash Flow Business**, will be released to a limited number of people. This is not just another generic rehash of someone else’s course that didn’t produce results then and won’t produce results now. This *new* home study

course is a 600+ page system with CD's and webinar support that gives you practical advice and a **SYSTEM** that you will use right away. It doesn't matter if you want work with real estate businesses, retail, brick-and-mortar, etc. This money-making system will work with any kind of business.

The greatest athletes and most successful business people in the world understand the value of having a coach. They never stop learning. Even Tiger Woods made adjustments to his game after being ranked the best golfer in the world three years in a row! AJ is there with you every step of the way. He knows if you are successful he will be as well. That's why AJ offers webinar support to make sure your plan stays on a successful track.
